

ASSIGNMENT OF MINISTERS AT CLOSE OF CONFERENCE

DR. W. F. SMITH REMAINS AT FIRST METHODIST.

Bishop Bristol Makes Deep and Earnest Talk Preliminary to Announcements.

The tension of the ministers of the Holston conference was wrought to its highest pitch Sunday night before the conference convened. Suspense and curiosity were put to the utmost test in awaiting the formal business, which consisted in the reading of statistical reports, such as disbursements, apportionments and appropriations asked for by the different churches for the coming year.

Bishop Bristol made a talk preliminary to the announcements which was full of the deepest and most earnest feeling. He said he didn't doubt but what the angels in heaven would be willing to change their robes to fill the position that any one of these ministers would be assigned to.

Dr. J. M. McLean, of the Methodist Advocate, made a most eloquent prayer in which he invoked Divine blessings upon those "in the shadow of the mountain and on its heights in the villages and in the cabins who waited for the news from conference today of the appointments of their loved ones."

With the district superintendents seated beneath the pulpit, Bishop Bristol read the appointments. Dr. McLean said that the appointments of some might be the disappointments of the most high.

After the reading of the appointments the conference adjourned at a late hour, and if there were any disappointments they were not evident. A general handshaking and gathering of little groups followed, and good-byes were said with many a "God bless you."

Dr. W. F. Smith will remain with the First Methodist. Rev. M. P. Murphy will take the place of Rev. W. F. Ledford, formerly of Highland Park, who has entered the war as a chaplain.

SOLDIERS MAKE HIT

"Hodge-Podge Revue" Applauded at Lyric.

Chattanooga enjoyed a real treat in the nature of a first-class vaudeville Saturday when fifty or more soldiers of Camp Greenleaf presented "The Hodge-Podge Revue" at the Lyric theater. Under the direction of Lieut. K. C. Becker and Sergt. Nat. Salander, assistant, well-known theatrical men, each feature of the performance went off without a hitch. Sergt. Salander is said to be an old-timer in the vaudeville world, having worked in every branch of the profession. He was stage manager, electrician, actor, and in fact he assisted in every way possible to the show, even to sweeping the theater.

The show was put on without any elaborate decorating, and the costumes were cut to a minimum, thus giving a larger part to be presented to the hospital fund.

Among those taking part were: Sergt. Jack Hognan, Corp. Dave Wohlman, Sergt. George Summerfield, known as the "Broadway Trio"; Private Jack Stern, well-known song writer and composer of "It's a Great Life If You Don't Weaken"; Mrs. Max Well, better known as Melissa Ten Eyck, Mrs. Well is the wife of Private Well, who is also equally as well known on the stage. Private Well was taken ill and was unable to take part in the Saturday performance. Others participating were: Sergt. Randall, Private Stone, Milton Ager, Hamill, Hirschfeld, Green, Ben Hamill, "Pick" Maloney, Harry Ashman, Corp. H. Motz.

Musie was furnished by Camp Greenleaf orchestra No. 1 and was a feature of the program.

It is probable that the show will be repeated in Nashville and Knoxville for the benefit of the united war work campaign.

CHATTANOOGA MAN MAKES GOOD IN Y. M. C. A. WORK

Stephen Doughton Just Rambles Around and Tells Some Interesting Human Interest Stories.

Stephen Doughton, one of Chattanooga's patriotic citizens, who gave up splendid business connections to enlist in the Y. M. C. A. army work, has made good, as everybody expected him to. It seems his talent is also appreciated, for he is held in London to assist in the publicity work and he is writing some real interesting stories from over there. Here is one of his latest:

Attaboy Shakespeare.
The expressive phrase, "Attaboy," has reached the classic home of a late author named Shakespeare. Also, peanuts have found their way into the sacred precincts of the famous Warwick castle.

Which is by way of saying that about a hundred "Yanks" in training in England were in the sacred precincts of the famous Warwick castle. A wonderful week-end at Stratford-on-Avon and Warwick and entertained the townspeople with a baseball game. That night donated the peanuts—fifty pounds of them.

Baseball may not live in Stratford, but "Attaboy" will. As the punting parties pass each other on the Avon today they are saying it. "Attaboy" they are saying it at the Red Lion inn, at the Golden Horse. Even on the doorstep of the home of the immortal Shakespeare they are saying "Attaboy."

There's a reason. The natives of Shakespeare's town had about as much trouble understanding baseball as baseball's votaries have in understanding Shakespeare. The populace wanted to understand the game. The whole town and countryside turned out, but "Attaboy, Andy, attaboy," "caught stealing," "dropped a dinky pop" and the like were a horrible jumble to the English ears.

That night the day's game "Attaboy" seemed so euphonious—so easy to grasp, so fine to repeat. It showed that one knew at least something of the game. Baseball was a knock-out over. The game was looked upon except as the first step in the teaching of the game to our English cousins, but the coaching—that's different.

A little admixture of Charlie Chaplin, Huckleberry Finn and tumbling acrobatics on the coaching line of the pantomime can be understood in any language. And it's all the more interesting when one knows that the night of the New York mounted policeman, named Jack Singer, who had forsaken the horse for the coach.

"Make a run and I'll kiss you," yelled the coach, and the crowd roared.

"As you like it—wait till you get one as you like it," yelled the coach. "Hathaway's cottage, attaboy," yelled the coach.

Later on when the score was safely 8 to 1 in favor of Singer's side he turned to the audience. You see, "Much Ado About Nothing."

"This is the game better now," said one young lady as the game progressed. "It's just like our rounders, except they don't have to have a bat." "The game could be played without chewing gum," she was told, "but it wouldn't be the same."

"Died on base," asked another. "What does that mean—do they have casualties?"

"They speak of stealing a base—why do they encourage stealing?" And do they always call the ball "the pill?"

STOP CATARRH OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight. (Adv.)

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satiny, liquid, is all that is needed for it to make most skin eruptions and make the skin soft, smooth and healthy.

After Your Baby Is Born

Think Now About the Time to Come Afterwards.

When you hold in your arms your tiny new infant, be sure that you can feel that before its arrival you did all in your power to give to it a happy pre-natal influence.

Scientists say that the thoughts and feelings of the expectant mother greatly affect the health and disposition of the future infant.

For over half a century thousands of women who have used the time-honored remedy, Mother's Friend, say that they entirely forgot nausea, nervousness and that peculiar distressing feeling so usual where nature is unaided. They thus preserved a wonderfully bright and happy disposition, which reflects so markedly upon the unborn child.

By the regular use of Mother's Friend the mind is serene and kept soft and elastic to readily yield to nature's demand for expansion without the usual wrenching strain. The nerves are not drawn upon, and as a consequence the expectant mother is calm and serene and the nights are not disturbed with nervous twinges, and the crisis is one of joy and happiness.

Write the Bradford Regulator Company, Dept. K, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of value to every woman, and get a bottle of Mother's Friend from your druggist and begin a treatment that will bring real results. (Adv.)

Sleep and Rest.
One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you do not rest better and sleep better. They only cost a quarter. (Adv.)
